TRAUMA INSTITUTE

TRAINING FOR HEALING PROFESSIONALS

A Group Case Consultation With Peter A. Levine, PhD

A RARE OPPORTUNITY

The SE® Trauma Institute is privileged to offer a day of case consultations and demonstrations with author and founder of the Somatic Experiencing® trauma resolution model, Peter A. Levine, PhD.

Open to therapists using body focused approaches, bodyworkers, chiropractors, doctors, acupuncturists, nurses, etc. and open to training participants and practitioners of Somatic Experiencing®. The day is geared for Intermediate students or above, however, Beginners are welcome to present a case or ask questions. Each three hours of consultation time equals one hour credit toward the required eighteen hours for SEP certification. **REMEMBER TO BRING YOUR SESSION LOG TO RECEIVE SEP CREDIT.**

"This is an ideal opportunity to observe Peter modeling his highly creative, intelligent and sensitive healing skills in an intimate and comfortable environment. His demonstrations and explanations furthered my understanding of the myriad of complexities and simplicities of Somatic Experiencing®. This last supervision with Peter was unforgettable, profound, inspiring and a very encouraging experience for me as a practitioner." -Victoria Mihich, MA, MFT, SEP

DO YOU HAVE A CHALLENGING CASE THAT YOU WOULD LIKE PETER TO ADDRESS?

To have your client considered for an on-site, *filmed*, session/demonstration with Peter during this group case consultation, please **email the following information to: JoanSEhealing@mac.com by OCTOBER 15th.**

1. Your case notes (without client name for confidentiality purposes)
2. Your name, level of SE® training you have received, and the nature of your practice.
3. Client age, gender, issues and presenting symptoms.
4. Number of sessions you have seen the client and how treatment is progressing.
5. Areas where you feel stuck and/or confused.
6. Why you think Peter should see this client.

If Peter does not select your client for a demo, it may still be possible to present the case in the group.
