This is a unique opportunity to see Peter in an intimate setting, the way he originally developed and taught SE®

◎ ◎ ◎ A RARE OPPORTUNITY ◎ ◎ ◎

Open to therapists using body focused approaches, body workers, chiropractors, doctors, acupuncturists, nurses, etc. and open to training participants and practitioners of Somatic Experiencing®. The day is geared for Intermediate students or above, however, Beginners are welcome to present a case or ask questions. Each three hours of consultation time equals one hour credit toward the required eighteen hours for SEP certification.

"This is an ideal opportunity to observe Peter modeling his highly creative, intelligent, and sensitive healing skills in an intimate and comfortable environment. His demonstrations and explanations furthered my understanding of the myriad of complexities and simplicities of Somatic Experience. This last supervision with Peter was unforgettable, profound, inspiring and a very encouraging experience for me as a practitioner."
